I hereby affirm under penalty of perjury under the laws the state of Washington that it is my intent to develop the property to be serviced by the additional water for commercial agricultural purposes. In the event that I have not made meaningful and measurable efforts, as determined by the Lake Chelan Reclamation District manager, to develop the property for commercial agricultural purposes within five years of the approval of this application, I understand that my rights to the additional water will be lost, and I will be required to reapply and I will lose whatever priority I gained from engaging in this application process.
